Many speakers and authors encourage you to set goals but most have never explained why this is such a powerful discipline beyond saying something like “something magical happens when you write down your goals on paper.” In my opinion, setting clearly defined goals for all the areas of your life works for three reasons. First, it restores a sense of focus in your world, a world that has become complicated by too many options....

Setting clearly defined goals provides you with a framework for smarter choices. If you know precisely where you are going, it becomes far easier to select those activities that will get you there. Writing down your goals clarifies your intentions (and the first step to realising your vision is defining it). As novelist Saul Bellow once observed, “A clear plan relieves you of the torment of choice.” Or as author Glenn Bland wrote, “Goals and plans take the worry out of living.”

If you set goals, the actions you take will be based on your life’s mission rather than on your day-to-day moods.

The second reason that goal-setting works is that it keeps you alert to opportunities. The discipline almost magnetizes your mind to seek out new opportunities, opportunities that you need to seize in order to create the personal, professional and spiritual life you desire. And the third reason goal-setting works is that clearly defined goals commit you to a course of action.... Selecting goals that engage and motivate you is one of the best ways to boost the level of your personal commitment to life and increase the energy you bring to your days. So, set big goals. You are only as rich, whether materially or spiritually, as your dreams. Or as advertising genius David Ogilvy put it, “Don’t bunt. Aim out of the ballpark. Aim for the company of immortals.”

Key Points

Goal setting is an important method of:
- Deciding what you want to achieve in your life.
- Separating what’s important from what’s irrelevant, or a distraction.
- Motivating yourself.
- Building your self-confidence, based on successful achievement of goals.

Set your lifetime goals first. Then, set a five-year plan of smaller goals that you need to complete if you are to reach your lifetime plan. Keep the process going by regularly reviewing and updating your goals. And remember to take time to enjoy the satisfaction of achieving your goals when you do so.

If you don't already set goals, do so, starting now. As you make this technique part of your life, you'll find your career accelerating, and you'll wonder how you did without it!
Talent, luck, charisma are some of the words that define the students of MIT perfectly. With an outstanding performance in TCS recruitment drive last month, MITians again stunned everyone by getting placed in top recruiting firms like Genpact and Interglobe Technology.

Genpact visited MIT campus on 15th Nov’14. A total of 38 students got their placement in it. Out of which 32 students are from B.Tech (2015 passing out batch) course while remaining 6 are pursuing their MBA.

Interglobe Technology visited MIT on 28th Nov’14 and thus recruited 14 students of MIT. Students had to clear a set of rounds before getting their first job.

T&P Dept. of MIT is continuously working hard to get each and every student of MIT placed. In the month of December, a lot of reputed firms like Priya Industry, Webexpert Softech Private Limited, Cozmic Sol., Capixa Tech Pvt. Ltd., Collabera, Icreon, etc. will be visiting MIT so that the students who didn’t get their placement in companies like TCS, Genpact and Interglobe Technology, can work hard and get their first job.

Lead islands in a sea of graphene magnetize the material of the future

Researchers have discovered that if lead atoms are intercalated on a graphene sheet, a powerful magnetic field is generated by the interaction of the electrons’ spin with their orbital movement. This property could have implications in spintronics, an emerging technology to create advanced computational systems. Graphene is considered the material of the future due to its extraordinary optical and electronic mechanical properties, especially because it conducts electrons very quickly. However, it does not have magnetic properties, and thus, no method has been found to manipulate these electrons or any of their properties to use it in new magnetoelectronic devices.
Movie Review
By Archit Saxena (ECE- 3rd Year)

**FILM:** Kill/Dill
**RATING:** 2.5*
**GENRE:** Crime drama
**DIRECTOR:** Shaad Ali
**CAST:** Govinda, Ranveer Singh, Ali Zafar, Parineeti Chopra

**STORY:** Two male foundlings raised by a Delhi NCR gangster (Govinda) become the latter’s trusted hit men, Dev (Ranveer Singh) and Tutu (AliZafar).

From the garbage dump to the heights of the underworld - their journey is swift and sans hiccups.

At their boss’ behest, the two buddies kill at will and then count the stars in the sky in the belief that those that they dispatch to hell end up somewhere in the firmament. Trouble erupts when one of the two shooters falls in love with a wealthy girl (Parineeti Chopra), whose day job is the rehabilitation of ex-convicts. The pretty girl casts a spell and the lover boy wants to opt out of the life of crime he is trapped in. But his mentor is hell bent on preventing him from making a clean exit.

If that doesn’t sound all that original, sample this: Kill Dil is actually a ‘love’ triangle with an accidental difference.

Talking of songs, Kill Dil has one for every occasion. The songs make perfect sense, thanks to Gulzar’s lyrics and Shankar-Ehsaan-Loy’s music.

Govinda in an all-new mean avatar is interesting. He still seems to be most at ease when he is allowed to tap his feet.

Watch Kill Dil if you have plenty of time to kill. It is unlikely to deliver much joy to your dil, though.

G.K. Quiz
By Anmol Goel (CS- 3rd Year)

1. Name the Indian who has been chosen among 50 global leaders, business chiefs and pop icons as contenders for the title Person of the year 2014 by Times magazine?
   A) Ram Vilas Paswan  B) Amit Shah
   C) Narendra Modi  D) Anil Ambani

2. As per the report published by Economists Intelligence unit (EIU) in November 2014, name the country that has been ranked as the no.1 place in the world in terms of ease of doing business?
   A) Hong Kong  B) Sweden
   C) Australia  D) Singapore

3. Name the author of the book “Lives of Other” shortlisted for Costa Book Awards under the novel award category on 19th November 2014?
   A) Chetan Bhagat  B) Neel Mukherjee
   C) Rhonda Byrne  D) Khushwant Singh

4. Name the director of CBI who has been directed to withdraw from 2G case by the Supreme Court on 20th November 2014?
   A) Ranjit Sinha  B) Anil Sinha
   C) D.P.Kohli  D) Rahul Sinha

5. Which State Government will launch the National Urban Health Mission on 21st November 2014?
   A) U.P  B) Rajasthan
   C) M.P  D) Punjab

Answers

This event was organised by EESS society on 14th November 2014 at B block (B-120). Total 46 teams participated having 2 members each.

First Round was PICK THE PIC in which students were made to guess the celebrity shown in pic.
The second round was FOUR PIC ONE WORD which was based on an android app.
The third round was MUSICAANA in which a few audios were played and students were supposed to guess the movie name. The first prize winning team was Paras Sharma (EC, 2nd yr) and Mohd. Shahrulk (EC, 3rd year).
The second prize was won by Mayank Kumar (CS 2nd year) & Aman Saxena (EN 2nd year).
The third prize was grabbed by Akansha Gupta (EC 1st year) & Siddharth Sinha (EC 1st year).
Faculty advisors were Ms. Shuchita Saxena, Ms. Ritika Tandon and Ms. Pragati Gupta.

The 2nd round of The Inter-society event was organized by the IeEe Society on 19th November 2014 at "C" block seminar hall.

In this event, all the societies of different branches had participated. There were 2 phases. First was the play round in which each society had to perform a play on the very serious issue of "corruption" and second phase was a society Anthem in which each society had to prepare an anthem to represent their student society.

The scores of this level will be added to the first round scores and a cumulative score of three rounds would decide the winner. The competition seems to heat up with the last round still to go.

The judges of the event were the faculty advisors of all the participated societies.

The whole event was well organized by the IeEe society. It was a successful event & everyone enjoyed a lot. The faculty advisors of the event were Mr. Vipul Agarwal & Mr. Ritu Rajan. They congratulated all the societies, the members and the Co-ordinators.

Hi Friends! Preparing for exams ....Here are some tips for you guys..

By: Anant Shaurya Gaur (EC 3rd year)

1. Give yourself enough time to study.
2. Organize your study space.
3. Use flow charts and diagrams.
4. Practice on old exams papers.
5. Explain your answers to others.
6. Organize study groups with friends.
7. Take regular breaks.
8. Snack on 'brain food'.
9. Plan your exam day.
10. Drink plenty of water.

All the best....................
Another thrilling hit from EESS this month was Techies 4.0, organized on 21, 22 of November 2014. The event consisted of four sub events in which students participated zealously. The first two events were held on 21 November named "Be-tech" and "Gadge-Ad". Be-Tech was basically a technical paper based quiz. In Gadge-Ad contestants were given a gadget and they had to advertise it in their own way. The second day that is, 22 November carried the fun to the next level, other two events named "Shabd Khoj" and "Techsharadzz" were held. In Shabd Khoj contestants had to find out the technical words from the crossword puzzle. Techsharadzz was basically a type of technical dumbsharadzz. The winners of Be-Tech were: first, Toshi-ka Singh (EC 3rd year) and Sanjana Singh (EC 3rd year). Second, Shruti Bhatnagar (EI 2nd year) and Sonika Kashyap (EN 2nd year) and the third position was secured by Rishabh Agarwal (EC 2nd year) and Shristi Thakur (EC 2nd year). The winners of Gadge Ad were: first, Gaura Jain (CS 1st year), Aviral Vishnoi (CS 1st year), Vishal Pandey (CE 1st year) and Garima Agarwal (CS 1st year). Second, Dev Khanna (EC 2nd year), Deepanshu Solanki (EC 2nd year) and Aakash Di-wakar (EC 2nd year). Third, Mohd Shahrulkh (EC 3rd year), Paras Sharma (EC 2nd year), Toshika Singh (EC 3rd year) and Sanjana Singh (EC 3rd year). The winners of Shabd-Khoj were: First, Sanjana Singh (EC 3rd year) and Toshika Singh (EC 3rd year). Second, Ayushi Raghav (CS 3rd year), Charu Chaudhary (CS 3rd year) and Aanchal Sharma (CS 3rd year) and third, Gaurangi Agarwal (CS 2nd year) and Neha (EC 2nd year). The winners of Techsharadzz were: first, Aastha Gupta (EC 2nd year) and Aman Bhatia (EC 2nd year). Second, Ayushi Raghav (CS 3rd year) and Aachal Sharma (CS 3rd year). Third, Deepanshu Solanki (EC 2nd year) and Aakash Di-wakar (EC 2nd year). The event was well coordinated by Pallavi Tyagi (EC 4th year) and Anant Shaurya Gaur (EC 3rd year). The faculty advisors were Ms. Shuchita Saxena, Ms. Pragati Gupta and Ms. Ritika Tandon. The event was majorly focussed to improve the technical knowledge of the participants and also to improve their confidence level.
Place to Visit... Saputara

Saputara is a hill station and a lakeside getaway. It lies on the border of Maharashtra and Gujarat and is the only hill station in Gujarat State. Saputara does not experience any extreme temperature variations and is an ideal getaway for the sun-scorched souls of the plains. The monsoon rains add to the magic of Saputara. Thus you may plan your trip to the Saputara hills any time of the year.

The places of interest are: Artists Village, Boating Club, Echo Point, Forest Nursery, forest log huts, Hatgadh Fort, Honey Bees Centre, Lake View Garden, Museum, Nageshwar Temple, and Purna Sanctuary.

Saputara is best known for its wildlife excursion tours. Some of the places are:

**Artist Village**: You can not only buy the tribal artefacts but also try your hand at Warli painting or craft tribal objects.

**Vansda National Park**: Originally a private forest of Maharaja of Vansada, the park now covers an area of 24 sq km. Prior permission from the Chief Wildlife Warden, or DFO, Ahwa, is required before visiting the park.

**Boating**: The Saputara Lake surrounded by greenery is ideal for boating.

**Sunrise Point**: It is a point which offers the best view of Saputara. It gives a breathtaking view of the Dang Forest and nearby villages.

**The Ropeway**: A ten-minute ride across the valley to the sunset point.

**Gira Falls**: An excellent excursion just 52 km away from Saputara. Should not be missed especially during the months of June to November.

**Lake Garden**: On the banks of Saputara Lake, an excellent picnic spot. Saputara is 420 km from Ahmedabad, 300 km from Vadodara, 185 km from Mumbai.
