

CENTRAL LIBRARY

MORADABAD INSTITUTE OF TECHNOLOGY

4.2.1 Library is automated using integrated library management system

- Name of the ILMS software : Dash LMS
- Nature of Automation : Fully Automated
- Version : 1.7
- Year of Library Automation: 2003

Library has a rich collection of more than 87,000 documents which include books and bound volumes of periodicals. The collection is mainly strong in science & technology. However substantial quality information sources on humanities and social sciences are also available. We are currently involved in utilizing the networked information resources for providing recent and most comprehensive access to e-journals, e-books, e-patents and other e-reference resources to the faculty, student, staff, industries, and alumnus under intranet and internet environments. Library is fully computerized and using library management software DASH LMS.

Web OPAC is available in library for the use of students, faculty and staff members. OPAC provides access to the library holdings through various catalogue and indexes such as the author catalogue, the title catalogue, the subject catalogue and the classified catalogue. Also possible are words-based combination searches using Boolean operation that yields highly satisfying and precise result, however complex the query maybe. Besides the basic search strategies, OPAC also makes available to the patrons the newly added books and journals. In addition to this OPAC allow to the users to know about their account such as what is due on his/her account, what is due date for returning material etc.

Varies types of reports can be generated with the use of above mentioned software which is useful for various committees and inspections from time to time. Book database is created along with user's database.

Issue return process is fully automated and issues slips are kept as supporting documents for students and faculty.

Barcoding: Yes

Book issue and return is carried out with the help of barcode system. Each book and user's borrower card is barcoded.
